MAGIC HOME improves G&L fabrics with advanced properties:

- easy cleaning with water
- limited absorption of fluids
- high resistance to mechanical damage, such as scratches, snags
- protection against viruses, bacteria and fungi

Thanks to Magic Home Technologies, G&L fabrics are able to overcome the challenges of everyday life, giving users maximum comfort and safety on a daily basis.

EASY WATER CLEANING

At the production stage, the fibres are covered with a special finish that protects the fabric from dirt penetration. Thanks to this, all stains are quickly and efficiently cleaned.

WATER REPELLENT

A technology of covering the fabric with a special hydrophobic coating that effectively hinders the absorption of spilled liquids, leaving drops on the surface of the material.
